

Game instructions

You will need:

- a game board
- a coin
- counters
- yoghurt pots
- a bag of dried peas.

How to play:

- You can play in pairs or small teams.
- Each team needs a yoghurt pot and 20 dried peas. The dried peas are frogspawn.
- Place the yoghurt pot to one side. This will be the frogspawn graveyard. Put the spawn in the pot as they die!
- Take it in turns to toss the coin. Move one place if heads, two places if tails.
- The winner is the team with the most 'live' frogspawn when they get to the end.

NB: If you are playing in a big group, it might be helpful to use an enlarged copy of the game board.
