This page is brought to you by the RSPCA Animals in Science Department, which works with the scientific community to help AWERBs operate effectively. It includes AWERB-related resources and information from the RSPCA and other organisations.

If we have omitted a resource for AWERB members that you have found useful, would like to add an AWERB-related meeting, or have any other comments, please contact animalsinscience@rspca.org.uk

If you have found our resources and meetings helpful, please consider asking your organisation to make a donation to the Animals in Science Department via our [JustGiving page](#), to help us continue supporting AWERBs
